Zátiší Catering

Simple meals, fresh products and efficient service

- Your congress or conference will be enhanced by innovative and sustainable catering
- Coffee breaks, lunch boxes and ecological dishes are some of our specialities when catering to a large number of people
- Seeking for new zero waste catering solutions such as reusable and compostable dinnerware, replacing plastic straws with pasta-made ones, careful planning to avoid excess food

PCC goes green

Investing 4,8 mil. EUR in modernisation of the central boiler room, reconstruction of air conditioning, instalation of design LED lamps, water-savers and EKO WC flushing and measurement and control systems

Zero waste catering joint project with Zátíší Catering – concept of community fridge for sharing pre-consumer food waste

Resulted in environmental benefits per year:

- **Water saving** – 11 533 m³ = 3 Olympic pools
- **Energy saving** – 9 740 945 kWh = annual consumption of 5013 households
- **Cleaner air** – 726 tons of CO₂ = which would take one year for 33 456 trees to absorb
- **Annual total energy savings** – 30%

A history of success hosting the world

2000 Annual Meeting of the International Monetary Fund and the World Bank Group.
